

E.C.O. Group = good Polish apple at good price

13 October 2019 | News | By Ankit Kankar

The E.C.O. Group brand represents the Class I apple from the biggest fruit plant area in Europe (Grójec area).

The ECO Group products are of significant importance to our company, because they are intended for the mass-market consumers seeking the best price and guaranteed quality offer for apples.

They CALIBRATE the apples every 2mm and sorting the apples using the newest technology line preventing damaging the produce during the process and they PACK the apples in moulded fruit trays / or loose, at the client's request and offering a best multiple way of proven package formats
